

Under a Democratic administration; no way would they be even safer." Before the meeting, the Governor was entertained at a local club at dinner. During the dinner Joseph P. Tumulty, the Governor's secretary, arrived with the news that an hour earlier Mrs. Tumulty had presented him with a new son. The Governor expressed a desire to see the new baby, and Tumulty announced his decision to christen the boy "Woodrow Wilson Tumulty."

## CHANGE IN RULES IS LABOR VICTORY

(Continued From First Page.)

equity rules as a subcommittee of the court. They asked every Federal judge, throughout the country to get expressions from their respective bar associations on the subject, and wrote to others asking for suggestions. These suggestions were collated and digested by W. J. Hughes, of the Department of Justice, by the subcommittee. The present rules came down as a heritage from the courts of England, with one or two variations since the beginning of the republic. The last revision was about fifty years ago.

The Chief Justice particularly thanked the Lord Chancellor of England for suggestions in the revision.

Chief Justice White, in orally explaining the rules from the bench, grouped the reform and the revision, the first was in regard to the exercise of power by the Federal courts in equitable matters.

The second was in regard to the modes of pleading, and was described as being designed primarily to remove all unnecessary steps and to bring the parties quickly to the issue.

The old, time-honored forms of pleading, the Chief Justice said, had been abrogated so far as it was within the power of the court to do so, and the most advanced and simplified forms substituted, such as now exist in New York and other code States and in the chancery courts of England.

The third reform was described as being a restriction in the modes of entry and copyright cases in regard to expert testimony. "The whole intention has been," said the Chief Justice, "to bring the taking of testimony down to a more simplified and inexpensive method."

**Aim to Eliminate Referees.**

Another reform was said by the Chief Justice to be illustrated by the statement that the new rules as a general thing provide for trial by the court instead of a reference of the suit to a referee to take the testimony and report back to the court.

The last reform spoken of was in regard to diminishing the size of records by which suits are taken from the trial court to appellate courts for review by providing rules for compelling the reduction of their size and by excluding documents and requiring testimony to be printed in narrative instead of interrogatory form. The Chief Justice said that the rules would make it possible for the appellate court not to reverse suits merely because of errors not prejudicial.

Among new rules of procedure announced by the Supreme Court to-day, is one not referred to by Chief Justice White in his explanation from the bench, which would prohibit issue of preliminary injunctions without notice to the opposite party and also restricting issues of temporary restraining orders.

The rules will go into effect February 1, 1913.

**Automobile Affair.**  
An automobile fire at midnight shortly before 12:30 o'clock at Seventh and Franklin streets created considerable excitement, but did little damage. When Company No. 4, in charge of Captain Chase, responded to an alarm the blaze had practically been extinguished.

**Death of H. C. Sherrouse.**  
Horace Eugene Sherrouse died at his home, 920 North Twenty-fifth Street, at 5:30 o'clock yesterday morning. The funeral will take place from the residence this morning at 11 o'clock.

**State Library Closed To-Day.**  
In addition to the closing of State offices at the Capitol by operation of law, the library has issued an order closing the State Library.

**DISABLED SHIPS ON WAY TO PORT**

**Noreuga in Tow of Revenue Cutter, and Glenlin in Tow of Battleship.**

Norfolk, Va., November 4.—Towed by the revenue cutter Onondaga, the Norwegian steamer Noreuga, which was in collision with the full-rigged sailing ship Glenlin Friday morning below Hatteras, was thirty miles below Cape Henry at a late hour to-night. The Glenlin, towed by the battleship Minnesota, was a few miles further down the coast.

The Noreuga, with No. 1 hold flooded, one bulkhead carried away by the storm and No. 2 hold leaking, is being towed stern first. Her crew and eight passengers, most of whom were women, were taken off early this morning by the Onondaga.

Captain Hansen is still on board the Noreuga, and is helping to make the task of the Onondaga as easy as possible by keeping the disabled ship straight on her course.

The Noreuga should reach port early to-morrow if No. 2 bulkhead holds out. The ship will be docked and her freight will be transferred to the steamer Metcalf, which is preparing to sail for Vera Cruz, to which port the Noreuga was bound.

**Almost in Sinking Condition.**

Newport News, Va., November 4.—Down by the bow and almost in a sinking condition, the Norwegian steamer Noreuga arrived in Hampton Roads late to-night in tow of the revenue cutter Onondaga. The ship Glenlin, which with the Noreuga was in collision, is expected to reach Old Point early to-morrow morning in tow of a wrecking tug. The battleship Minnesota is conveying the wreck, wireless received here to-night say.

**Leave-Taking Scenes.**

New York, November 4.—National headquarters of the three leading political parties were scenes of leave-takings and wholesale desertions to-day.

Many of the officials of the Republican National Committee had left for their respective homes to vote Tuesday. The Progressive National Committee gave up a number of rooms of its big suite in an uptown hotel this morning and moved its effects into rooms where the work of distributing literature had been concluded.

Chairman William F. McComb, Treasurer Robt. Wells and several other leading officers of the Democratic committee remained in New York to-day, and will receive returns here to-morrow night. Chairman McComb will have a private suite of rooms at a hotel, with a telephone wire connecting him with Princeton. The location of this office for receiving the returns and passing them on to Governor Wilson will not be disclosed to the public.

**Voters Uncertain.**

New Haven, Conn., November 4.—On election eve the voters of Connecticut are more uncertain as to the outcome of to-morrow's election than any presidential election in recent years. Despite claims of good sized pluralities by the various campaign managers, everything points to a close vote.

The vote for Governor is expected to be very close between Governor Simon E. Baldwin, Democratic candidate for re-election; Judge John P. Studley, Republican, and Herbert Knox Smith, Progressive.

**Headquarters Deserted.**

Louisville, Ky., November 4.—State headquarters of the Democratic, Republican and Progressive party organizations to-night were practically deserted, the leaders in each having left for their respective homes, where they will vote, returning to Louisville to-morrow night to receive returns.

Together with expressions of confidence over the result of to-morrow's contest, each of the party campaign managers has urged fair treatment for all voters at the polls.

**Close Vote Expected.**

Concord, N. H., November 4.—The closest vote for President in the history of this State is expected to-morrow. Party leaders gave much of their attention during the closing hours to the legislative campaign. Unusual interest centres in the representative contests because of the possibility that the Legislature will elect the Governor.

**Light Vote Will Be Cast.**

Jacksonville, Fla., November 4.—With threatening weather predicted for election day to-morrow, indications to-night were that a light vote will be cast. The campaign practically closed Saturday, with the State conceded to Woodrow Wilson.

**Fair Weather—Large Vote.**

Columbia, S. C., November 4.—Fair weather and a large vote was predicted to-night for election day to-morrow. The Democratic campaign managers are the only ones claiming the State.

## CAMPAIGN ISSUES NOW UP TO VOTERS

(Continued From First Page.)

sault upon a number of States to control the Legislature, so that the majority of the United States Senate may be swung to the Democratic column. Against Republican predictions that the Senate will remain Republican, Democratic national leaders to-day claimed enough strength to give them the Senate, and to swell greatly their majority in the House of Representatives, which they captured in 1910.

Few American campaigns have run through a longer period of heated controversies. The fight for the presidency to terminate at the ballot box to-morrow was under way early in February, and has hardly lagged since that time.

Out of the eight men who were active candidates for presidential nominations early in the summer, three leading candidates, representing three parties, whose relative strength still is a matter of conjecture, remain to solicit the voters' support to-morrow.

The influence of women probably will be greater than in any previous election. At national headquarters had an organized bureau to appeal to women workers, presided over by women well known in public and social life. In the six Western States where women will vote, Wyoming, Utah, Colorado, California, Idaho and Washington, their ballots will be an important factor in the contest.

In five other States, Arizona, Michigan, Kansas, Oregon and Wisconsin, the rights of women to vote will be an issue at the polls.

Fair weather is predicted for the majority of States. The uncertainty caused by the third party ticket, the more than ordinary urgent appeal of party managers to all voters to "go to the polls," and the local interest caused by fights for State offices and control of State machinery, indicate a record vote in almost all sections of the country, and a popular presidential vote of huge proportions.

**Taft Reaches Home.**

Cincinnati, O., November 4.—President Taft spent the last day before election in a leisurely trip across his home State addressing crowds in more than a dozen cities, and to-night reached his home city, where to-morrow he will cast his ballot.

The Democrats to-night ended their long campaign in Toledo with a final rally in the city. The Republicans finished their efforts Saturday night.

Leaders of each of the three parties made claims of victory to-night. Governor Harmon, returning here from Columbus to vote, expressed his conviction that Governor Wilson would carry the State, and said he believed President Taft would run second.

Both the Democrats and Republicans claim they will elect a majority of the twenty-two members of Congress to be chosen. Progressive candidates for Congress entered the field in only a few more than half the congressional districts.

Almost equal to the interest in the presidential election here is the contest for Congress in the First District, comprising the city of Cincinnati.

Between Nicholas Longworth, Republican candidate, son-in-law of Colonel Roosevelt, and the Democratic candidate, Stanley Bowdler, an attorney, a member of the recent Constitutional Convention. M. F. Andrews is the candidate on the Progressive ticket.

In contrast to former election even, there was but little parade and no colored bands in parades and colored bands in elections up to four years ago were lacking.

**Fair Weather—Large Vote.**

Columbia, S. C., November 4.—Fair weather and a large vote was predicted to-night for election day to-morrow. The Democratic campaign managers are the only ones claiming the State.

For State officers, the Democratic ticket is opposed by a Socialist ticket.

**Campaign Class Gathers.**

Providence, R. I., November 4.—The death of Congressman George H. Utter yesterday resulted in the cancelling of most of the Republican rallies planned to-day. As a result, the campaign closed quietly.

**All Claim New Jersey.**

Newark, N. J., November 4.—The campaign closed to-night with speeches in Paterson and Passaic by Governor Wilson. Democrats, Republicans and Progressives all claim the State for their national candidates. Registration is not quite as heavy as in 1906, but indications are that a record vote will be cast.

The Progressives have full State and congressional tickets in the field, and claim that while their chief strength will be in the northern part of the State, they will win throughout. The Democrats claim the State for Wilson by 50,000 or more plurality. The Republican leaders give no estimates, but declare Taft will carry the State.

**DEATH IS CAUSED BY EXCITEMENT**

Asheville, N. C., November 4.—Overcome by the excitement of a big election rally at Barnardville to-day, John E. Hurst, a prominent farmer of the Big Ivy district, suffered a paralytic stroke which resulted in his almost instant death. A great crowd had gathered for the rally, attracted by the fact that Hon. Locke Craig, Democratic nominee for Governor, was to speak. Just as J. J. Mackey, one of the speakers, mounted the platform, a slight commotion was caused in one corner of the audience, and it was found that Mr. Hurst had reeled over in his seat and died. The meeting was canceled.

**Saunders Closes Campaign.**

(Special to The Times-Dispatch.)

Rocky Mount, Va., November 4.—Judge E. W. Saunders closed his campaign to-day by an able speech of an hour and a quarter at the courthouse. It was the only political speech delivered by him in the county during the campaign. He was introduced by County Chairman C. E. Willis, and spoke to a large and enthusiastic audience. Judge Saunders expects to carry the county by an increased majority, and the district by a good majority.

**BIKE RIDERS SET NEW MARK**

Boston, November 4.—Professional bicycle riders from several foreign countries and the local champions met at the Boston Arena to-day to compete in a new mark for the time.

All but one of the thirteen teams made 22 miles and 3 laps of the course, the Walter-Collins team being the last to finish.

The twelve other teams competing are: Clark-Hill, Diefenbacher-Carmen, Fer-Perrich, Moran-Foster, Deitz-Bell, Cameron-Magin, Root-Bahr, Lawrence-Drohbach, Wells-Mitten, Gardner-Loftus, Krebs-Jokus and Thomas-Ryan.

**VIRGINIA NOT WITHOUT "INVISIBLE GOVERNMENT"**

(Special to The Times-Dispatch.)

Richmond, Va., November 4.—Hon. Hugh A. White, of Lexington, said in a speech here Saturday that Virginia is not without its "invisible government." Mr. White created no little interest when he told of his observation and experience in the State Legislature, where certain indefinite, but intangible, influences make themselves felt and keep Virginia people from getting the things that they want. Mr. White hit the keynote of progressive Democracy as no other speaker has this year.

**Three Years on Road.**

(Special to The Times-Dispatch.)

Lynchburg, Va., November 4.—Cooper Davis, colored, who stole a drummer's trunk, containing \$5,000 worth of jewelry and other valuables, to-day pleaded guilty in the Corporation Court and Judge Christian sentenced him to three years on the roads. Four hundred rings stolen are still missing.

**Jefferson Overwhelms Fishburne.**

(Special to The Times-Dispatch.)

Charlottesville, Va., November 4.—On the Fishburne School grounds the Jefferson football team won a decided game this afternoon, 23 to 6. The Fishburne team was defeated by a score of 23 to 6. Coach Gooch and Fishburne excelled for Jefferson; for Fishburne, McCormick and Alexander played best.

**Fire in Gun Factory.**

Fire of unknown origin was discovered just about 5:30 o'clock on the third floor of the plant of the American Gun Company, 200-202 Vesey Street, by L. J. Marshall, an electrician. The fire was turned in and Engine Company No. 11 and Assistant Chief Raffo responded. The blaze was put out after about \$50 damage had been done.

**Turkey Must Settle Direct.**

London, November 4.—The Turkish ambassador here has been directed by the Ottoman government to inform Great Britain of Turkey's willingness to receive assistance in bringing about a suspension of hostilities with a view of arriving at a peace settlement.

Tevfik Pasha immediately on receiving the communication from Constantinople went to the Foreign Office and conferred with Sir Edward Grey, the British Foreign Minister, for two hours.

The Balkan nations and Greece are persistent in their determination that Turkey must arrange directly with the
